

GUJRAT NARMADA VALLEY FERTILIZERS AND CHEMICALS LIMITED

Regd. Office: PO: Narmadanagar-392015, Dist: Bharuch (Gujarat) INDIA

CIN: L24110GJ1976PLC002903

28th February'2019

**Requirement of 32,250 MT (±10%) Chlorine and 3,050 MT (±10%)
Caustic Soda Lye (on 100% Concentration basis)**

GNFC intend to procure approximately 32,250 MT (±10%) Chlorine and 3,050 MT (±10%) Caustic Soda Lye (on 100% Concentration basis) on FOR GNFC, Bharuch/ Dahej site basis as per the Technical Specifications mentioned hereunder at "Annexure-A & B"

GNFC requires the material as above for its production requirement during the period from **April'2019 to March'2020**.

ELIGIBILITY CRITERIA:

- a) Bidder must be manufacturer of Caustic Soda Lye as well as Chlorine for a minimum period of 02 (TWO) years.
- b) The bidder must have an arrangement for sufficient storage of Chlorine and Caustic Soda Lye in order to ensure supply of offered Chlorine and Caustic Soda Lye quantity uninterruptedly during the Contract period.
- c) Net Worth during the last audited financial years shall be positive.

The bidders (manufacturer) who are interested to participate in the tender meeting above eligibility criteria are hereby intimated to contact following officials for further information to submit their offers.

Such interested bidders (manufacturer) shall have to send their request mail for issue of Tender enquiry to the following officials on or before **07.03.2019, 17.00 Hrs. IST**.

Annexure-B

Technical Specifications of Caustic Soda Lye

Sr. No.	Details	Specifications for Caustic Soda Lye
1	Sodium Hydroxide (as NaOH)	47% Minimum (by wt) or more.
2	Sodium Carbonate (as Na₂CO₃)	1% Maximum by wt.
3	Chlorides (as NaCl)	2% Maximum by wt.
4	Sulphates (as Na₂SO₄)	0.10% Maximum by wt.
5	Silicates (as SiO₂)	0.02% Maximum by wt.
6	Iron (as Fe) ppm	0.01% Maximum by wt.
